Core	Soft Polyester
Cover	Black Technora, Cordura, Dyneema, and Polyester HT

OPTIPARTS

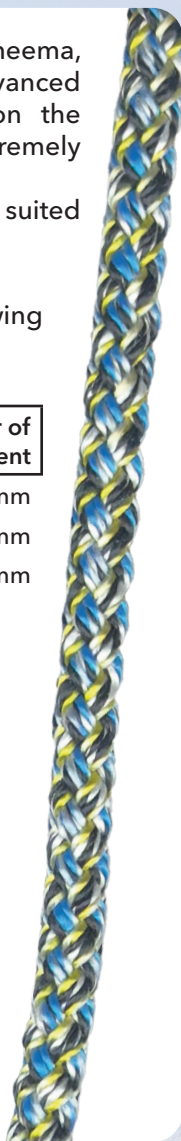

MARINE EQUIPMENT

The combination of black Technora, Dyneema, Polyester & Cordura creates the most advanced double tapered Optimist mainsheet on the market. This blend gives the mainsheet extremely good wear resistance and maximum grip.

The mainsheet is 7.6 meter and is perfectly suited to create a 4:1 mainsheet system.

This line has approximately the following structure:

Segment of total line length	Length of segment	Diameter of segment
0 to 1.8 meter	1.8 meter	6.5 mm
1.8 to 5.1 meter	3.3 meter	9 mm
5.1 to 7.6 meter	2.5 meter	6.5 mm
